

# CONSTANT USE OF SPIT BALL WILL PUT PITCHERS OUT OF BUSINESS

BIG BOB EWING, OF THE REDS, STAR SALIVARY GLAND DELIVERY, SAYS HE CANNOT ACCOUNT FOR ECCENTRICITIES OF THE BALL  
—ADVISES AGAINST USING IT TOO MUCH.

THE THREE MOVEMENTS OF BOB EWING IN THROWING THE SPIT BALL

Written Especially for The Evening Citizen by Bob Ewing, Cincinnati, National League pitcher.  
It is probably easier for me to throw what the vulgar have called the "spit" ball than to tell how it is done. No pitcher has succeeded in gaining perfect control of these cultivated slants, and I have perhaps had as much success with the delivery as any

pitcher in the National League. These dampened shoots are simply allowed to slide off the tips of the moistened first and second fingers. The ball has much more speed than can be put into an ordinary curve sent from a twisting grip. It is possible to put more steam, however, behind a straight fist ball. No one, however, has been able to fat-

ten the queer drop of the sprayed shoots, and many a catcher is tattooed by thumps of the elusive leather crashing into spots not armored. I would not advise any pitcher who wants to use his arm a good many years to depend solely upon spit balls. They are premier jugglers when you have the batsman so pinched that you can take a longer chance

than he can. The mystery of the movement of the spit ball is too deep a problem for me to attempt to solve. It is delivered with the same movement used in the pitching of any other ball. My first successful experiment with the delivery was against Boston last year, and I've counted it my best pitching asset ever since.

## "BOBBY"

By Stuart Maclean

If I was a grown man an' rich,  
I wouldn't do nothin' else but pitch;  
I'd shoot 'em curves they couldn't see,  
An' wouldn't they be scared of me!  
Nobody'd ever hit at all  
If I was grown an' pitched the ball.

### DIAMOND DUST

Word comes from Las Vegas that Manager Blood, of the Blues, is making all arrangements to capture first prize in the ball tournament at the fair next month. It is said he is making arrangements to sign some Western League pitchers, fast infielders, etc., then come to Albuquerque and wipe up the earth with the Browns.

Grover Matney, the Colorado boy, who pitched for the Las Vegas Blues at the beginning of the season, but failed to make good and went to Pueblo, has written to Manager Houston saying he don't need him.

The Browns are off on their southern trip. The showing made by the team on this trip will show the real mettle of the team and Manager Houston will be able to get a line on what parts of the team will need strengthening for the fair series.

One of the most remarkable races in the history of baseball is on in the North Texas league, which comprises Dallas, Fort Worth, Waco and Temple. On Tuesday, Temple led with 51 games won and 43 lost; Dallas, 50 won, 43 lost; Waco, 50 won, 44 lost; Fort Worth, 49 won, 45 lost. Thus it will be seen that only two games separate the first and last teams. This is a "Garrison finish" with all the trimmings, and probably no four clubs were ever so closely matched.

That umpire matter is still hanging fire. Why not make D. N. Come, the official umpire, and have it done with. It's up to the fans.

The El Paso Colts have lost Denny Ford, their crack third baseman. Ford is now playing with the Fort Worth team in the Texas league.

"Doc" Lamkin, who was laid off for a while by the Las Vegas Blues, during which time he handled the indicator, is again in the game, playing second base.

The Browns left last night on their southern trip. This afternoon they opened the series with the first game with the Colts at El Paso. They will play the Colts again tomorrow afternoon and then proceed to Clifton for six games, three with Clifton and three with Morenci.

### SOMETHING ABOUT RANCH

#### PURCHASED BY FORAKERS

The Silver City Enterprise gives the following particulars concerning the big ranch recently purchased by the Foraker brothers, of this city: United States Marshal C. M. Foraker and brother, C. E. Foraker, have bought the Martin Mullen ranch, known as the "Worm Springs" place, one and one-half miles from Payson hot springs, and will stock the same with fine blooded Hereford cattle, preparing to re-opening in the stock business in Grant county on a large scale. The Forakers owned a ranch and brand of cattle and horses near Alamogordo, which they sold several years ago to Martin Mullen and the Whitmore brothers. By their recent purchase they come into possession of one of the most valuable water rights in the county, as the "Warm Springs" ranch is noted for the great abundance of running water, which comes, as its name indicates, from several worm springs, whose source of supply is never failing. Payson, who has been deputy in his brother's office has resigned that position to assume active management of the ranch.

### OLD TIMER MINE MAY BE A RICH PROPERTY

ORE ASSAYS \$24 TO THE TON IN GOLD—OTHER NEWS FROM SAN PEDRO.

Special Correspondence.  
San Pedro, N. M., Aug. 5.—Quite a number of San Pedro and Golden people are attending the green corn dance at Santo Domingo today.  
Mrs. F. C. Buell and Miss Ruth Buell arrived yesterday from Boston, where they have been for the past two years, and have taken up their residence "on the hill," where Mr. Buell has charge of the property of the Santa Fe Gold & Copper company. Lloyd T. Buell, who graduated from the Massachusetts Institute of Technology in June, is employed by the Tennessee Copper company, at Copper Hill, Tenn.

Mullenix & Denstler, who have the Old Timer mine under a year's lease, from G. L. Brooks, of Albuquerque, are greatly encouraged from the fact that as sinking progresses the streaks of ore are coming together, giving reasonable hope that ore in paying quantities can be taken out. The vein is now about twenty-two inches wide at seventy feet, and indications are that it will grow wider with greater depth. A fair sample assays \$24 in gold to the ton. The ore is sulphide but contains some free gold.

There were two weddings in San Pedro Friday, July 28. Adolfo Nieto and Miss Dolores Trujillo; Jacob Baca and Miss Eulalia Gutierrez. The marriage ceremonies were performed in the Catholic church at 9 o'clock a. m., after which receptions were held at the homes of the brides, followed

by ballies, both of which were largely attended, and continued until 5 o'clock in the morning.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatin.

### THE DINING CAR SERVICE

(From the California Limited Log Book)

It is peculiar that all of us should compliment the Harvey System, and yet we do. It's a habit, and we can't help it. I am really ashamed to say anything further, but I can't abstain. The dining car service on the California Limited is too good to be true.
